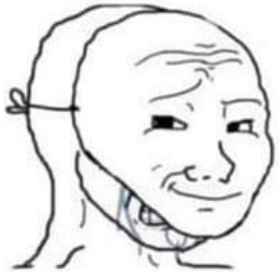
setting goals

as an engineer

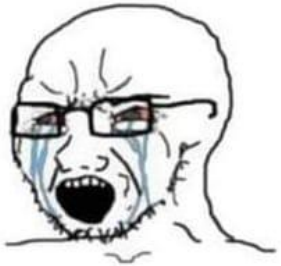
github

and personal projects

DESIGNERS



Look, we have similar ideas.



No! You stole my idea.

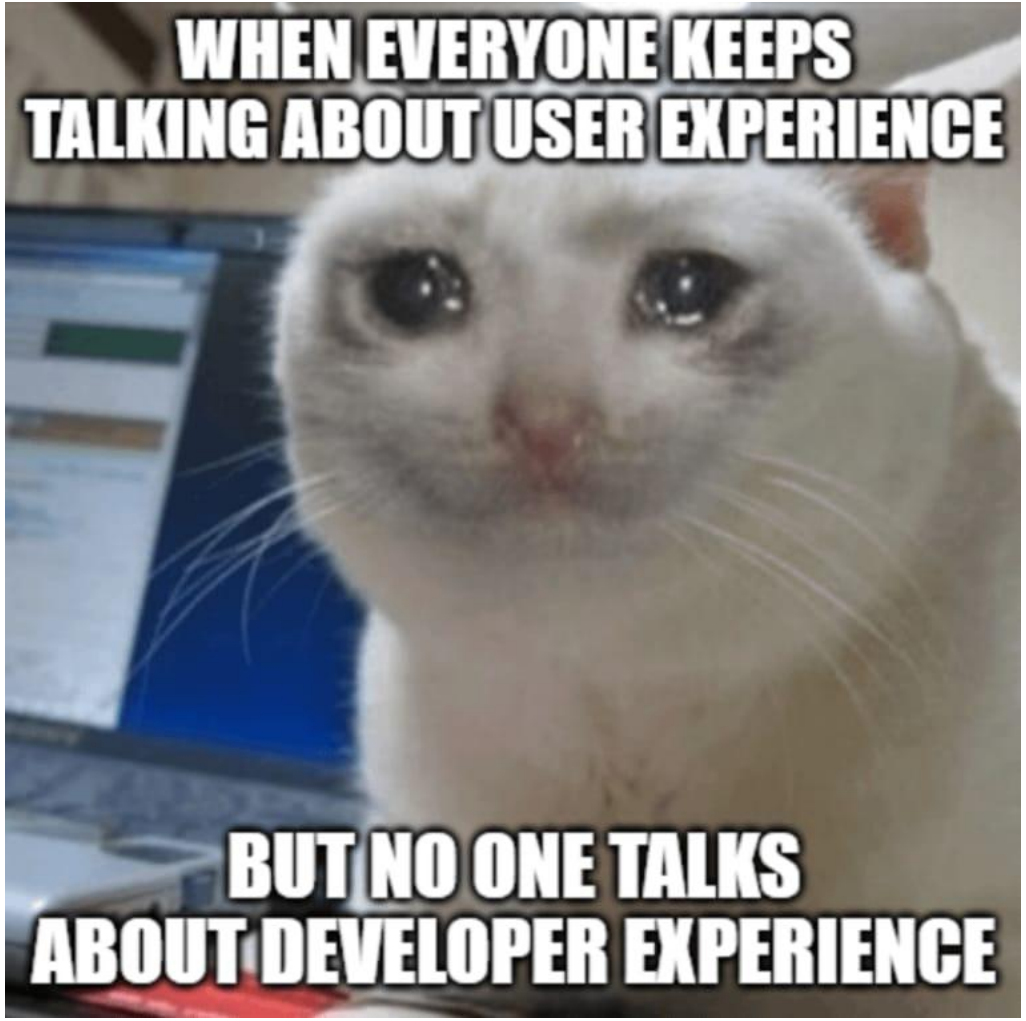
PROGRAMMERS

Man, I stole your code.

It's not my code.

developer experience

what is it?
why does it matter?



WHEN EVERYONE KEEPS
TALKING ABOUT USER EXPERIENCE
BUT NO ONE TALKS
ABOUT DEVELOPER EXPERIENCE

Javascript is good.
But it can be better
JS
TS

TS
TYPESCRIPT
ME
JS
JAVASCRIPT

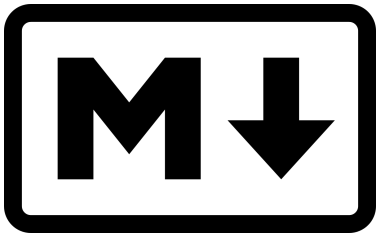
tools

purpose

- programming
- documentation
- programming
- debugging
- testing
- notes

Markdown

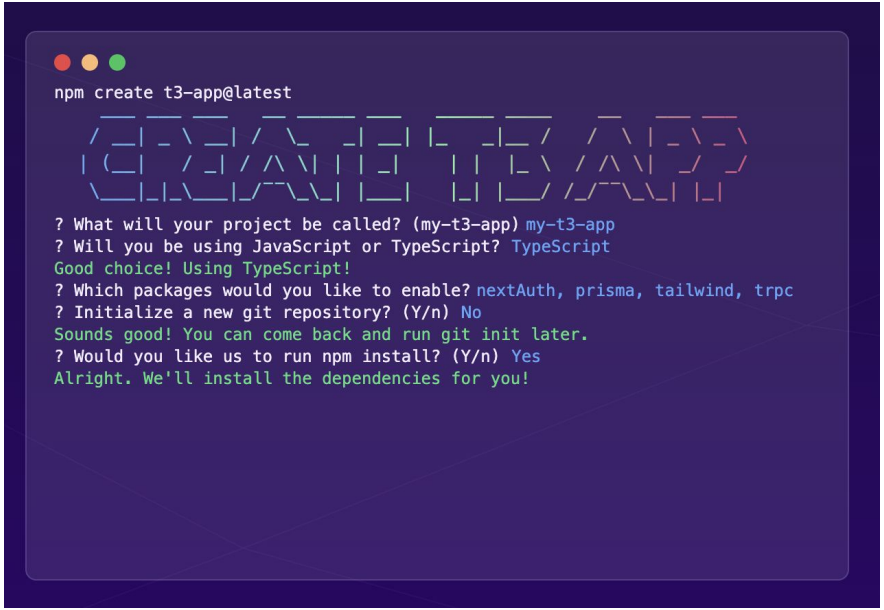
- readable as plain text and can be cleanly rendered nicer if the location supports it
- storable as a string without having to consider anything special about it
- can be written in plain text or a rich text editor so it’s flexible



eslint and prettier

- fix problems in your javascript/typescript cod
- code formatter
- style guide by airbnb

out of the box configs



documentation

why?
how?

Flipping through documentation for 10 minutes

Hours upon hours of debugging

project

BUILD STUFF!!!
